

Three in a row

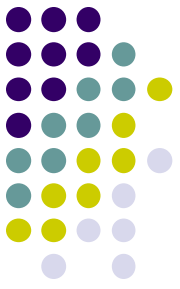

4	10	2	3	9	7	5
5	12	6	15	1	0	

Choose two numbers from the row of numbers above the grid.

Find the *difference* between these numbers.

If the answer is on the grid, cover that number with a counter.

1	5	10	16
14	2	15	8
11	12	4	3
6	7	13	9

Three in a row

Choose two numbers from the row of numbers above the grid.

Find the *difference* between these numbers.

If the answer is on the grid, cover that number with a counter.

9 10 13 15 16 19 23 34

19	3	8	25	2
14	5	21	10	18
20	11	9	15	6
4	7	13	1	24

Three in a row

Choose two numbers from the row of numbers above the grid.

Find the *difference* between these numbers.

If the answer is on the grid, cover that number with a counter.

14 20 21 34 39 45 50

31	14	20	16
24	6	5	25
30	29	18	36
11	7	13	1

Three in a row

Choose two numbers, one from each set that is above and below the grid.

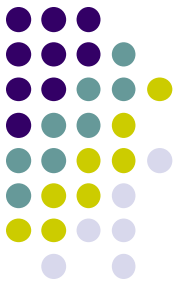

Subtract the smaller number from the larger one.

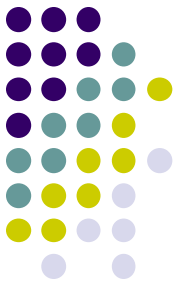

If the answer is on the grid, cover that number with a counter.

65 68 79 82 93 97

53	56	54	81	78
46	49	70	79	68
38	48	63	74	77
40	60	57	73	72
51	59	65	85	69

12 14 19 20 25 28

Three in a row

84 92 119 127 136 148

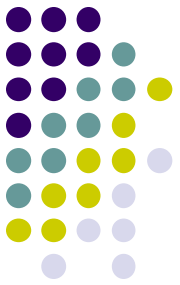

51	59	86	94	103
115	49	57	84	92
43	78	86	95	107
48	75	83	80	75
96	28	36	63	40

33 35 41 44 52 56

Choose two numbers, one from each set that is above and below the grid.

Subtract the smaller number from the larger one.

If the answer is on the grid, cover that number with a counter.

Three in a row

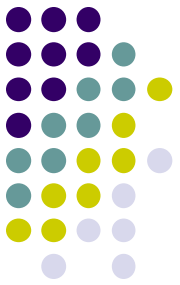

Choose **two** numbers from the row of numbers above the grid.

Multiply them together.

If the answer is on the grid, cover that number with a counter.

2	3	4	5	6	7	8	9	10
---	---	---	---	---	---	---	---	----

12	63	28	20	32
24	80	56	27	40
30	8	42	18	16
48	70	15	45	35
72	54	10	90	6

Three in a row

1	2	3	4	5	6	10
---	---	---	---	---	---	----

Choose **two** numbers from the row of numbers above the grid.

Multiply them together.

If the answer is on the grid, cover that number with a counter.

20	8	24	6
3	15	40	5
12	10	2	50
4	60	30	18

Three in a row

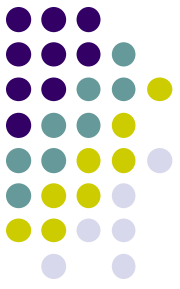

Choose **two** numbers from the row of numbers above the grid.

Divide the larger number by the smaller number.

If the answer is on the grid, cover that number with a counter.

1	2	3	4	5	10	15
18	20	24	30	60	100	

4	30	6	12
20	9	5	25
7	2	15	10
3	60	50	8

Three in a row

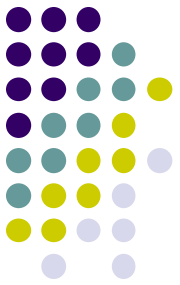

Choose **two** numbers from the row of numbers above the grid.

Divide the larger number by the smaller number.

If the answer is on the grid, cover that number with a counter.

3	4	5	6	7	8	9		
90	54	60	36	18	24	35	48	52

10	6	15	2
3	18	8	5
20	9	12	7
13	4	16	30

Three in a row

Choose **two** numbers from the row of numbers above the grid.

Divide the larger number by the smaller number.

If the answer is on the grid, cover that number with a counter.

2	3	4	5	6	7	8	9	
90	54	60	36	18	24	35	48	52

10	6	45	2	7
3	18	8	5	26
20	9	12	27	15
13	24	16	30	4

Three in a row

Choose **two** numbers from the row of numbers above the grid.

Divide the larger number by the smaller number.

If the answer is on the grid, cover that number with a counter.

2	3	4	6	8	12	
36	48	72	84	96	144	168

9	8	17	56
24	16	42	18
6	12	36	14
4	18	21	48
