

## Curriculum Progression Map

Children should learn about a range of inventors, designers, engineers, chefs and manufacturers who have developed ground-breaking products, find out what they are famous for designing and/or making and what characteristics enabled them to become successful. They should understand how key events and individuals in design and technology have helped shape the world. In each year group at Glenfall Community Primary School, children learn about a famous person alongside their DT projects. These people have been carefully chosen to represent different genders, ages and ethnicities:

Year group	Famous person
EYFS	Lonnie Johnson (inventor)
Year 1	Mary Berry (chef)
Year 2	Margarete Steiff (seamstress)
Year 3	Isambard Kingdom Brunel (mechanical and civil engineer)
Year 4	Alessandro Volta (inventor)
Year 5	Katherine Johnson (rocket engineer) / Henry Ford (mechanical engineer and manufacturer of cars)
Year 6	Steve Jobs (industrial designer)
