

HAPPY
HALF
TERM

Glenfall News

...a newsletter to inform the school community about the
day to day life of our school.

Friday 28th May 2021

A word from the head.....

How quickly has half-term arrived? It has been a busy half term and as each week passes, more and more things are starting to feel a little bit more normal again. Despite the easing of many COVID restrictions in the community, the majority of guidance for schools remains unchanged, which I know can seem to not make sense. However, it is important that we continue to follow the guidance until we are directed to ease them to ensure the overall safety of the school community.

As normal business begins to resume there are one or two things that we need to sharpen up on again:

Morning Snacks - Morning snacks should be as healthy as possible and should primarily be fruit, cheese, vegetables, yoghurt tubes and possibly cereal bars. We have noticed an increasing number of chocolate bars and crisps. We would be grateful if you could return to healthier snacks as soon as possible.

Medicines in school - If your child is required to take a prescribed medicine whilst at school, it is essential that you complete a permission form. Please call into the school office with the medicine and ask to complete a form. **DO NOT LEAVE IT IN YOUR CHILD'S BAG**

Request for leave of absence - If you need to request leave of absence for your child for an exceptional reason, please call into the office and ask for a form to complete.

E-safety Briefing - 29th June at 7pm. Since returning to school we have become aware of an increasing number of incidents regarding the children's use of technology and social media apps. We are also aware that navigating the complex issues that this throws up for parents is sometimes quite bewildering. For this reason I have arranged for an online e-safety briefing to take place. The session will take place on Zoom and I will send further details after half term. This session provides parents with an insight into popular technologies and how young people utilise them. Demonstrating the massive benefits and potential pitfalls, the interactive presentation provides parents with advice, strategies and resources to help them understand and engage with their child's online lives in a healthy, positive, and productive way.

The forecast for half term is looking pretty good and hopefully the sun will shine on you, wherever you are. Have fun!

I look forwards to seeing all of the children back in school on 7th June

COVID Safety Measures

Thank you to all of you for continuing to support our COVID safety measure at the start and end of the day. Although some restrictions have eased, there are still currently many restrictions in place.

Could all parents continue to wear their facemasks at drop off and collection. It would really help with the flow of the one way system if parents could continue to support the staggered drop off and collections times. This is something which appears to have slipped a little in recent weeks. Could I also encourage all parents to leave the school site as soon as they have collected their children; I know it is tempting to catch up with friends at collection time.

Please try to support all of these measures a while longer to help ensure that the National Roadmap stays on track.

A few things...

Parent Pay — School Lunches

Could all parents whose children will be taking a hot lunch please ensure that their accounts are currently in credit before ordering lunches. It is important that the account is kept in credit throughout the year to ensure that debts do not mount up. **Meals currently cost £2.34 per day.**

**ON MONDAY 10th MAY
MEALS INCREASED TO £2.34 PER DAY.**

We have not increased the price of school meals for the last 3 years. However, due to rising food costs we have been unable to avoid increasing the price of meals. We feel that the cost still represents good value for money and I am sure the children will tell you that the food is delicious.

Battery Recycling

We now have a battery recycling point at the school. You are welcome to bring your old batteries to school to be recycled. You will find the battery recycling point in the entrance hall opposite the office.

FrOGS

Regular Giving Appeal

The Friends of Glenfall School ("FROGS") is the Glenfall PTA and a registered charity no. 1039272 raising money for the benefit of the pupils of Glenfall School.

FROGS makes a huge difference to the children's lives at Glenfall School from the class Christmas presents and ice creams at the panto to large investments such as the new dining tables and bike shelter.

Usual fundraising activities such as the Summer and Christmas Fayres, Lido Day and Discos haven't been able to go ahead because of COVID. So we are looking for your support!

How to help – DonateMySchool.com

We are asking parents, carers and any supporters of Glenfall School if they can donate via **DonateMySchool.com** to FROGS on a regular monthly basis. Can you donate £5 or £10 a month? Your donation will make all the difference. If you are eligible you can also sign up for Gift Aid when you donate which means for every £1 you give FROGS will receive a further 25p from the government. Alternatively, you can make a one off donation also.

Here's how to do it...

1. **Find Us** – go to DonateMySchool.com and search for Glenfall under Live Campaigns.
2. **View our dedicated webpage.**
3. **Click Donate** - here you can decide whether you would like to make a regular or one-off donation to FROGS.
4. **Gift Aid** – If you are eligible by signing up to Gift Aid, FROGS can claim an additional 25p from the government for every £1 you donate.
5. **FROGS then receives your donations on a regular monthly basis.**

Many thanks from the FrOGS Committee

COVID-19 Symptoms

Everyone has a role to play in keeping our school safe and helping to stop the spread of COVID-19.

You should book a COVID-19 test if your child has:

A high temperature...
This means they have a temperature over 37.8°C.

A new continuous cough...
This means coughing for more than an hour, or 3 or more coughing episodes in 24hrs (if they usually have a cough it may be worse than usual)

A loss or change to their sense of smell or taste...
This means they have noticed they cannot smell or taste anything, or things smell or taste different to normal.

OR

If your child has any of the above symptoms they must remain at home until they have received a negative test result. All household members should also remain at home.
You can book a test online at www.gov.uk/get-coronavirus-test or by calling 119

If your child does not have symptoms of COVID-19 but has other cold-like symptoms, such as a runny nose, sore throat (without a fever), mild colds etc, they do not need to be tested and they or members of your household do not need to self-isolate. Your child can attend school if they are fit so. Please refrain from 'dosing' up with Calpol as it makes it difficult for us to identify if they have a temperature.

Here's what to do if...

Ofsted
Outstanding

Dear Parents/Carers,

We have asked the headteacher of your child's primary school to forward this letter to you as someone whose child is in Year 5 and eligible for Pupil Premium. We would like to make you aware of the support that we are able to offer, should you be thinking about entering your child for the grammar school entrance test.

To be allocated a place at grammar school, students sit an entrance test in the Autumn Term of Year 6 and need to gain a qualifying score. Pupil Premium students who meet the qualifying score get priority when allocating students their grammar school of choice. We would like to make this process as straightforward as possible to support your child.

The most important thing to do at this stage would be to register your child for the entrance test. **The deadline for registration is Wednesday 30 June 2021 at 12 noon.** The online registration form can be found in the Admissions section of the websites of any of the Gloucestershire Grammar Schools, which are listed at the bottom of the attached flyer. Once you register, we can support you through the process.

There are familiarisation materials available on the websites of each of the grammar schools. We also have online materials that are exclusively for Pupil Premium students as part of our commitment to widen access. Each grammar school will hold a summer session for Pupil Premium students before the entrance test to offer support with these materials and familiarise them with the school.

Sitting the entrance test does not prevent you choosing another school to send your child to for their secondary education and where you register your child to sit the test does not limit you to that particular school.

If you have any questions, please do not hesitate in contacting the Admissions Officers at any of the grammar schools.

Yours faithfully,

Peter John
